Summary

Software Engineer with 5+ years of experience building multi-tenant SaaS products for enterprise customers. Built features across authentication, authorization, content management, developer experience and AI-assisted workflows. Interested in product engineering, platform development and open-source software.

Work Experience

ATC

Senior Software Engineer, American Technology Consulting (ATC)

April 2026 – Present • 7 mos • Remote

React 18, Rsbuild, TypeScript, LMS

- Led migration of a large React application from React 16, CRA and CRACO to React 18 and Rsbuild, reducing CI build times by 60% and simplifying the development workflow.
- Worked across the LMS platform to stabilize existing features, address technical debt and support ongoing product development after the engineering transition.

AZ

Senior Software Engineer, Auzmor Technology Pvt. Ltd.

January 2025 – March 2026 • 1 yr 3 mos • Remote

React, TypeScript, RBAC, SSO/SAML, AI workflows

- Built a multi-tenant RBAC platform used across 50+ enterprise organizations, allowing administrators to create custom roles and manage access across product modules.
- Implemented SSO/SAML integrations, API key management and user provisioning workflows to simplify enterprise onboarding and identity management.
- Built an AI-powered content generation workflow that created structured learning material from prompts and uploaded documents, reducing manual content creation effort.

AZ

Software Engineer III, Auzmor Technology Pvt. Ltd.

January 2023 – December 2024 • 2 yrs • Remote

React, Performance, WCAG 2.1 AA, Mentoring

- Built Mentorship, Interactive Training and Checklist experiences used by enterprise learners, helping increase platform engagement by 50%.
- Led frontend performance improvements through lazy loading, code splitting and bundle optimization, improving Core Web Vitals scores from 20 to 85.
- Improved accessibility across the platform by implementing WCAG 2.1 AA standards and partnering closely with design and product teams.
- Led engineering design reviews, mentored developers, and established code review standards to improve code quality and maintainability.

AZ

Software Engineer I, Auzmor Technology Pvt. Ltd.

December 2021 – December 2022 • 1 yr 1 mo • Remote

React, REST APIs, WebSockets, MFA

- Built a multi-tenant branding system that allowed organizations to customize themes and deliver white-labeled learning experiences.
- Built social learning features including posts, polls and eSignatures using React, REST APIs and Web Sockets.
- Implemented multi-factor authentication using SMS and email verification to strengthen platform security.

AC

Associate Software Engineer, Accenture Solutions Pvt. Ltd.

January 2021 – December 2021 • 1 yr • Gurugram, Haryana, India

React, JavaScript, Java, SQL

- Developed and maintained enterprise web applications using React, JavaScript, Java, HTML, SQL, and REST APIs while collaborating with cross-functional teams.

Open Source

Resend (CLI + MCP Server)

- Contributed features and test coverage improvements to the official Resend MCP Server and CLI
- Built a personal open-source CLI for terminal-based Resend API interactions.

Sentry Spotlight

- Contributed improvements to Sentry Spotlight, an open-source local debugging and observability tool.

Enterprise Design Systems

- Contributed merged improvements to Kobalte, Razorpay Blade, Microsoft Griffel and Adobe React Spectrum.

Skills

Languages

JavaScript (ES6+) · TypeScript · Java · HTML5 · CSS3

Frontend

React · Next.js · Redux Toolkit · React Query · Tailwind CSS · Responsive UI Development

Backend

Node.js · REST APIs

Auth & Security

OAuth · SSO/SAML · RBAC · MFA

Performance & Accessibility

Core Web Vitals · Code Splitting · Lazy Loading · WCAG 2.1 AA

Cloud & Data

AWS · MySQL · CI/CD

Architecture

Multi-tenant Systems · Design Systems · Microfrontends · Monorepos

Collaboration

Code Reviews · Technical Mentorship · Cross-functional Collaboration · Agile Development

AI & Developer Tooling

AI-powered Content Generation · MCP

Education

B.Tech in Electronics and Communication Engineering

Jaipur Engineering College and Research Center

August 2016 – August 2020

CGPA: 7.2/10
